LOCAL AND REGIONAL ASSETS

TOURISM

INVESTTHEQC

TOWN OF
QUEEN CREEK
ARIZONA

In the Economic Development Strategic Plan, Agritainment/Destination Tourism is identified as one of the five targeted sectors for the community. Tourism drives economic development in a number of ways. When visitors stay in QC's hotel, eat at local restaurants, and shop in local businesses, the taxes they pay support the Town's operations.

The purpose of the visitor may be business, leisure, or a combination thereof and includes "day trip" excursions where visitors come to Queen Creek and enjoy local amenities, but do not stay overnight. Tourism also attracts new residents and commercial investment, which broadens the local tax base and expands the local economy.
